

Surfside Association

Annual Meeting Part II, August 12, 2006

President Quigley opened the meeting at 10:10 a.m. at the Star of the Sea Youth Hostel. He gave a brief overview of the July meeting and added that Maureen Beck was recovering from her bout with babesiosis.

Speaker Al Peterson, Airport Manager was introduced. He spoke about airport noise, expansion of the terminal, and the proposed building of an off shore pipeline to bring fuel to the island. The fuel would be distilled, not crude oil, which means that it should be environmentally safer. The project is eight to nine years away and would eliminate bringing fuel in by barges in the harbor or trucks on the ferry. There would be a proposed 4-5 million gallon tank storage facility at the airport.

Treasurer Barbara Malcolm presented the Treasurer's Report saying she has received dues from 160 out of the approximately 400 property owners in Surfside. It was mentioned that we have received several thank you letters from the recipients of our July donations.

"Only Footprints" member Glenn Stewart reported meeting with the Nantucket High School Surf Club regarding beach clean up. Money normally spent on a summer "Footprints" party, which will not be held this year, will be given to the Surf Club who will again clean up the beach this Fall. It was mentioned that Bill Connell of the Civic League also has a beach clean up team and that they have collected over 2,000 pounds of trash so far this summer.

Membership Chairperson Pat Newton in her efforts to increase our membership is arranging several neighborhood parties. At these functions, those attending will be introduced to the Surfside Area Plan. Hopefully, many year round residents will take interest and become involved in the writing of this Area Plan.

In the absence of Nominating Chair Jim Lowe, President Quigley proposed the nominating slate, noting that First Vice-President Maureen Beck will be stepping down next year. A motion was made to approve the slate as presented, was seconded, and with no discussion following, was approved unanimously.

Social Events Chairman Ned Fawcett announced the three events to be held this summer; a golf tournament, a croquet tournament, and the second annual fishing tournament. Winners will be announced and prizes awarded at the Surfside Association Labor Day Party, Sunday, September 3<sup>rd</sup> at Barbara Malcolm's home.

Ned Fawcett presented the Proposed Surfside Area Plan Process. This plan, if completed and approved, will become a part of the Nantucket Master Plan currently being developed by the Town. Copies of the proposed process were handed out which explains how this plan might be developed. A motion was made to adopt this Area Plan Process, was seconded and approved unanimously.

President Quigley announced that The Blue Angels will be here on Nantucket, Saturday, September 30<sup>th</sup> and Sunday October 1<sup>st</sup>.

After a discussion about adding Stop signs to various Surfside locations, it was agreed President Quigley would bring this to the attention of The Traffic Safety Advisory Committee, who in turn make recommendations to the Selectmen.

The One Big Beach Plan involving Rights of Ways is moving forward slowly, but Allen Reinhard said the Town hopes to have a solution by the end of the summer.

Members were advised to be very careful and avoid tick bites.

President Quigley adjourned the meeting at noon.

Respectfully submitted,

Fay Taft Fawcett, Secretary
